"Pearson Triplett is a well respected and long established manufacturer's rep firm, exactly the type of quality representation that will help us grow", said Cortizza President, Diane Thompson.

Cortizza products include a wide variety of fashion, business, travel and wine accessories, all made from cork fabric. Cork fabric is an amazing material: soft and supple suede-like texture, available in a wide variety of colors and patterns, and water and stain resistant. It's a luxurious vegan alternative to leather

that will be equally admired by non-vegans. Cork is a completely renewable resource that also supports biodiversity. Cortizza designs and manufactures Cortizza exclusives and sources the very best from designers around the world. There's no need to sacrifice style or functionality to live sustainably. Cortizza products combine creativity, beauty and sustainability.

"We are excited to introduce Cortizza's beautiful and unique accessories to our customers", said Pearson Triplett owner, Ann Triplett. "They're a great addition to our other lines and I know they'll be very popular."

Retailers are invited to visit the Pearson Triplett showroom in the L.A. Mart to see the Cortizza product line.
